Docket No. 98N-1265 125 99 MAY 13 P1 52  
Food and Drug Administration

Rockville, MD. 20857

TO: JUDGE (C) 2050  
FROM: JUDGE JAMES J. JAMES  
SUBJECT: C 2050

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I get my natural hormones at a pharmacy in Wisco, although I live in Colo. I greatly appreciate this option. I don't take Premarin because I am not a horse. Why doesn't the FDA support these pharmacies? I would think that those who work at the FDA have, wives, mothers, sisters, & daughters who may eventually be faced with the same choice, natural meds. or synthetics. What would you want for them? These specially formulated compounds have alleviated all my symptoms (insomnia, anxiety, & severe mood swings).
